ELIGIBILITY
Class 9th

About YUVIKA:

YUVIKA (YUva VIgyani KAryakram) is a special initiative conducted by the Indian Space Research Organisation (ISRO) to inspire school students to pursue careers in space science, research, and technology.
It is a two-week residential training program designed mainly for Class 9 students across India on 11th to 22nd May 2026. The program aims to create awareness about: Space science and technology, Satellite communication, Remote sensing, Rocket science, Applications of space technology in daily life
It provides students with early exposure to India's space missions and research activities.

Eligibility: Students studying in Class 9th as on January 01, 2026, within India are eligible to apply.

How to Fill YUVIKA 2026 Application:

For Students:

- Step 1: Visit the Official Website: https://jigyasa.iirs.gov.in/yuvika
